

HENRY JOHN

To: The Puyallup Tribal Membership

From: Henry John, Tribal Council

First and foremost I want to thank the Puyallup Tribal membership for their support with this last Primary Election! The turn out was great and I am happy to be one of the six candidates!

As you are aware, the General Election is scheduled for June 6th and every single vote counts! I am asking for you to support me again on June 6th for one of the three seats available.

I will not make empty promises to you that cannot possibly be met. Instead I would like to share with you a few of the many items on my agenda. I would be honored to support and help be part of the "solution" and continue to be pro active with positive changes needed for our Tribe.

1. Concentrate on reducing the Tribe's outstanding debts so we can move forward and build our "tomorrow."
2. Secure our per capita payments so with the downfall of the economy, we won't have to worry about losing what we are entitled to.
3. Protecting and securing our Sovereignty. We need someone that will stand tall to protect what is rightfully ours. Those that know me well, know that I will stand up for our rights and I am PROUD to be a Puyallup Tribal Leader. I WILL NOT willingly let someone take away what is rightfully ours without a fight!
4. Ensure protection of our Tribal assets, especially our casinos. I supported bringing in a professional Native American owned company, Lamar and Associates, to review our casino procedures and let us, the Tribal Council, know where we may potentially have money that is basically walking out the door. We received a written report that let us know the weak areas that need better protection and security. I would like to continue on Tribal Council so I can be part of the solution with this and protect our assets!

I am thankful that I was able to serve on Tribal Council the last three years, and I hope that you will vote for me on June 6 and give me the opportunity to serve an additional three years! I have taken an active role in many different entities and divisions of the Puyallup Tribe, i.e., Natural Resources, Gaming, M.V.V., Administration and several others. For those that are in the Tribal Administration building often, they see that I am always here and I am a firm believer in, "The early bird catches the worm!" I encourage all of you to come by the office and see me anytime! We, the Tribal Council, work for the Membership! Bring me any ideas you may have of the positive changes you would like to see made. I am all about the Tribe, because the Tribe is always first in my book! I am not a pretender, I have 100% devotion to OUR TRIBE and serving the membership the best that I can! Working on Tribal Council is not just a pay check to me, it is my devotion that I am truly dedicated to.

A vote for HENRY JOHN is a vote for someone that will fight for OUR rights, OUR Sovereignty and OUR future!! VOTE HENRY JOHN for Tribal Council!!
