

LESLIE M. HOHN

**Elect
Leslie Hohn
Puyallup Tribal Council
For Leadership, Dedication and Commitment in Tribal Administration**

Dear Tribal Members,

Hello, my name is Leslie Hohn and I am asking for your support by electing me to Tribal Council. My mother is Mitzi Todd, my Grandmother was Katherine Tougaw, and my Great Grandparents were Joseph Simmons Sr. and Emma Squally. I have one daughter; Nina Aguillon who is employed by our Tribal Administration as a Tribal Gaming Agent.

I am currently the Puyallup Tribal Juvenile Probation Officer and I also currently serve on the Judicial Committee. I was the former Youth Diversion Coordinator. I have served in the past with the Puyallup Tribe's Daffodil Float Association, and our tribal float has been acknowledged as being the 'Best of the Parade' which has played its part in contributing to bringing prestige and honor for the Puyallup Tribe. It is through this hard work that I have been able to assist our community and it is my conviction to strive toward positive change in our Tribe. Therefore, I will address and support the continuance to quality of life at all levels, as well as strive to develop necessary support systems.

I was born and raised in Tacoma, and was brought up believing in hard work and responsibility. Therefore, I am no stranger to commitment and dedication. I appreciate our past and current Tribal Council in moving forward with our Tribal Gaming, Port Development and I am especially grateful to see the progress of the new Elders' Facility. I look forward to new accomplishments as there are so many opportunities yet to be developed for our future.

Because of understanding of the intricate dynamics of education's policies and practices I understand that a vital key to our continued success is education. I was employed at Chief Leschi for nearly 12 years and have witnessed the dramatic changes our youth have encountered. We must relate to our Tribal Youth the importance of setting high educational standards, while at the same time reminding them that their traditional values are just as important as their academic accomplishments. I feel all these efforts are necessary to improve the quality of life in our Indian Community.

I understand the responsibilities of Tribal Council and I know it requires dedication of one's heart and time; it is with this dedication that I will represent the Puyallup Tribe with dignity, honesty and respect.

I am asking for your vote for Tribal Council. Your vote counts! Your vote makes a difference! Let your voice be heard! Please remember vote on Saturday, April 18th from 10:00 a.m. to 4:00 p.m. at the Tribal Administration Building located at 3009 East Portland Avenue.

I thank you for your time and support!

Respectfully Yours,

Leslie Hohn
