

# BILL MANZANARES III

(I, Bill) Manzanares, am running for one of three positions for Tribal Council, I will not make promises I cannot keep, but I can promise to be at work everyday. I will get our tribe to work together as a team. Everyone knows divided you cannot succeed. Success comes from teamwork. Some of the things I will work towards:

- 1) Higher pay for tribal members not in management positions both EQC and Puyallup Tribe.
- 2) Push to sell the river boat.
- 3) Stop keeping members in the dark, keep the members up to date on our businesses.
- 4) Divers more involved in decision making as a group.
- 5) Get the tribal paper sent out earlier so we can attend the functions we read about.
- 6) Work to help tribal members to have opportunities for more and different types of jobs.
- 7) Tribal members to receive priority when it comes to medical and dental.
