

SI-AB MCCLOUD

Dear Puyallup Tribal Members, Friends, and Family,

I'd like to take this opportunity to announce my candidacy for Puyallup Tribal Council. I feel compelled to run for Tribal Council at this time in my life because I want to fulfill my duties and responsibilities as a grandson, son, and a father. If I have the privilege of being elected to Tribal Council I assure you my main efforts will be in taking care of our Tribal elders who had to struggle through many hardships and walk the very difficult roads that afforded us the many benefits that we enjoy today. I will also work for my children and the youth of the Tribe in order to ensure that the hard work of our elders continues on in the next generation.

Our Tribe right now is at a pivotal point in its history and I believe it takes someone with my work and life experience, and determination, to make the hard decisions to ensure continued success.

Thank you very much for considering me for Tribal Council.
